## FINAL STATUS REPORT ON MARTIN LUTHER KING, JR.-HARBOR HOSPITAL EMPLOYEE COMPETENCY DOCUMENTATION REVIEW

As reported previously, a Review Team comprised of staff from the Department of Health Services (DHS), the Department of Human Resources (DHR), and my office conducted a review of documentation on file for employees assigned to Martin Luther King, Jr.-Harbor Hospital (MLK-H) who were impacted by the workforce reduction plan. This memorandum concludes our review and provides your Board with our final status report.

Our previous status memorandum, dated August 31, 2007, reported that 1,596 employees were assigned to MLK-H as of August 12, 2007, of which 168 employees were identified by DHS as being in credentialed and privileged classifications and 1,428 employees were non-credentialed and non-privileged. Upon later review, DHS identified an additional 34 employees that are in the credentialed and privileged classification, bringing the total number of staff falling under the review process for credentialed and privileged employees to 202, and reducing the non-credentialed and non-privileged employees total from 1,428 to 1,394. The total MLK-H employees in the Board-ordered review process remained at 1,596.

### **Credentialed and Privileged Staff (202 employees)**

As indicated above, 34 employees were added to the competency review process for credentialed and privileged employees, following a more careful review of the list of non-credentialed and non-privileged employees requiring competency testing. The 34 employees were included in the DHS review for credentialed and privileged employees.

As previously reported, the Review Team did not review the competency documentation for the credentialed and privileged employees; competency of these employees is evaluated as outlined in the memorandum provided to your Board by DHS dated August 31, 2007. Therefore, the review of the competency documentation for these employees is not included in this report.

### **Non-Credentialed and Non-Privileged Staff (1,394 Employees)**

#### **Review of Competency Documentation**

During this review process, the 1,394 non-credentialed and non-privileged employees were identified by DHS as being in one of the following categories:

- 674 employees exempt from competency testing
- 632 employees subject to competency testing
- 88 employees identified as being on a leave of absence and not available for competency testing

DHS identified 674 employees as being exempt from competency testing and only subject to the standard annual performance evaluation process; the review status of these employees' performance evaluations is reflected later in this memorandum. DHS included employees in this category only if their job assignment did not involve any direct patient care.

DHS identified 632 employees as being subject to competency testing in addition to, or as a component of, the standard annual performance evaluation process. Of the 632 employees, three (3) are currently in their probationary period and are not yet due for competency testing. The Review Team reviewed competency testing documentation for the remaining 629 employees and verified that all 629 employees completed and passed required competency testing. DHS included employees in this category if their job assignments involved any direct patient care.

During the review process, DHS identified 88 employees as being on a leave of absence. The Review Team did not review competency testing requirements for these employees as the employees were not available for testing or transfer to a new job assignment. As each of these 88 employees return to work, DHS is to notify the Review Team prior to any job transfer. The Review Team will then determine what competency testing, if any, is required and whether there is documentation to verify that the employee has successfully completed any required testing.

DHS is currently in the process of providing information to your Board in a separate memorandum on the efforts being made to monitor and process employees who are on leaves of absences.

Attachment I to this memorandum summarizes the current status of documentation reviews for the 1,596 MLK-H employees, as of August 12, 2007, that was conducted by the Review Team.

### **Review of Current Performance Evaluations**

The Review Team reviewed all available current performance evaluations to verify evaluations were current and had "Competent" or higher rating. As of August 31, 2007, the Review Team verified the following performance evaluation status:

- Of the 1,394 non-credentialed and non-privileged employees, 1,090 performance evaluations were verified, three were not due as the employees were in their probationary period, and 301 were either not located or were pending completion. Specifically:
  - 1,306 employees identified by DHS at the time of the review as being eligible for possible transfers (674 exempt from competency testing and 632 subject to competency testing), 1,032 performance evaluations were verified, three (3) were not due as the employees were in their probationary period, and 271 were either not located or were pending completion.
  - 88 employees identified by DHS at the time of the review as being on leave status, 58 performance evaluations were verified and 30 were either not located or were pending completion.

During the week of September 3, 2007, DHS began preparing the transfer notices to employees, and simultaneously continued to locate and complete the 301 performance evaluations not verified by the Review Team. In order to not delay transfers of

otherwise eligible employees, we determined that the lack of a verified current performance evaluation did not preclude the transfer of the employee to a new job location or assignment. DHS committed to continue the review of performance evaluations which were not verified and to bring these performance evaluations current.

Since August 31, 2007, DHS has reported that they have significantly decreased the 301 performance evaluations that were pending completion or being located. DHS is providing these performance evaluations to DHR for review on a flow basis; DHR is currently in the process of verifying and clearing the outstanding performance evaluations.

### **Transfer of Eligible Employees**

As reported to your Board in a September 7, 2007 memorandum from DHS, the Department began providing all 1,596 MLK-H employees with a letter informing them of their assigned work locations.

Based on employee transfer information as of September 2007 from DHS, 58 of the 1,596 employees on the August 12, 2007 list have left County service, 21 have transferred to other County departments, and 1,517 remain within DHS. Of the 1,517 employees within DHS, 833 (809 ongoing and 26 temporarily assigned) are at the MLK Multi-Service Ambulatory Care Center (MACC), 103 are on leave of absence, 12 are on hold, 2 are on military leave, and the remaining 567 have transferred to other DHS locations as reflected in Attachment II.

The 12 employees identified as being on "hold" status include employees with special assignment needs, such as areas of specialty, requested geographic preferences, and/or outdated classifications. DHS is continuing to work through these issues so the employees can be assigned.

As of this date, DHS reports there being 835 actual employees currently assigned to the MLK MACC. Previous reports from DHS to your Board reflected 809 employees were assigned to the MLK MACC. The variance of 26 employees include: a) 19 employees used only on a temporary basis to address part-time or intermittent need for specialty skills or to respond to fluctuating patient workload or needs; and b) 7 employees who have provided DHS with plans to terminate or retire within the next 90 days and for whom retraining or reassignment to another facility did not seem reasonable to DHS.

The 833 employee count reflected for the MLK MACC in the attachments to this memorandum vary from the 835 actual employee count being reported by DHS of this date, as the attachments are based on the review of 1,596 employees at MLK-H as of August 12, 2007.

As stated earlier in this memorandum, DHS identified 88 employees as being on leave of absence at the time of the August 2007 Review Team's review. Based upon information provided by DHS on the September 2007 employee transfers, 27 have left County service, 48 remain on leave of absence status, 1 is on military leave, and 12 have been transferred within DHS. The Review Team is currently in the process of reconciling the work and transfer status of the 12 employees who were transferred within DHS. CEO and DHR will continue to work with DHS through the verification process for any required competency testing of these employees.

DHS will provide your Board with additional and updated information in a separate memorandum that details the employees' job classification, the location they were transferred to, the position they are encumbering, and the status of that position, i.e. budgeted or ordananced only.

#### **Identification of Additional Employees**

In working with DHS to finalize the review of MLK-H employees as directed by your Board, DHS identified six additional employees who were not reflected on the initial report based on an August 12, 2007 run of the MLK-H employee payroll. The addition of these six employees would increase the total MLK-H employee count from 1,596 to 1,602.

Two (2) of the six (6) identified employees were hired as new County employees for the position of Warehouse Worker Aid. The employees began their County service on August 13 and 16, 2007, based on a prior offer of employment and acceptance of these positions. Both employees were transferred to Harbor-UCLA Medical Center in September 2007; both employees are exempt from competency testing and have no performance evaluations due at this time.

DHS is in the process of reviewing the status (i.e., potential transfer) of the remaining four employees. None of these six identified employees are included in the attachments to this memorandum which reflect a total employee count of 1,596.

Each Supervisor  
October 26, 2007  
Page 6

### **Future Updates**

DHS will provide your Board with the future reports containing updated information on required competency assessments for employees returning from a leave of absence, current performance evaluations verified by the Review Team, the status of MLK-H employee transfers and reassignments, locations and positions to which employees were transferred to, and the use of contract or registry staff at MLK-H. The CEO and DHR will continue to work with DHS through the completion of this process and on future DHS reports to your Board.

If you have questions or need additional information, please contact me or your staff may contact Darolyn Jensen at (213) 974-1124.

Final Status on MLK\_bm

**STATUS OF DOCUMENTATION REVIEWS CONDUCTED BY COUNTY REVIEW TEAM**  
**(Data for 1,596 Employees Who Were Assigned to MLK on August 12, 2007)**

**I. 202 Employees Reviewed as a Credentialed and Privileged Employee:**

These employees not included in the review conducted by the County Review Team. These employees' competencies are reviewed and verified through the process conducted by DHS, as outlined in DHS memorandum to the Board of Supervisors dated August 31, 2007.

**II. 1,394 Employees Reviewed as a Non-Credentialed and Non-Privileged Employee:**

	Employees in Category	Status of Competency Documentation Review			Status of Performance Evaluation Review for 1,394 Employees		
		Competency Documentation Review Required	Competency Documentation Review Completed	Competency Documentation Review Pending	Current Performance Evaluation Verified	Performance Evaluation Not Due - In Probation Period	Verification of Performance Evaluation Pending
Employees Exempt from Competency Testing	674	0	n/a	n/a	505	0	169
Employees Requiring Competency Testing	632	632	632	0	527	3	102
Not Determined Whether Competency Testing Required	88	Not Yet Determined *	0	88	58	0	30
<b>Total:</b>	<b>1,394</b>	<b>-</b>	<b>632</b>	<b>88</b>	<b>1,090</b>	<b>3</b>	<b>301</b>

\* Note : 88 employees were on leave of absence at the time the County Review Team conducted its August 2007 review; these employees were not included in the review. As each of these employees return to work, the Review Team will be notified by DHS; a review will be conducted to determine if the employee is required to complete competency testing and, if required, verify successful completion of required testing.
